The OPR for this supplement is HQ AFRC/DOTT. This supplement implements and extends the guidance of Air Force Instruction (AFI) 36-2217, *Munitions Requirements for Aircrew Training*, 1 November 2000. The AFI is published word-for-word without editorial review. Air Force Reserve supplementary material is indicated by “(AFRC)” in boldface type. This supplement describes Air Force Reserve Command (AFRC) procedures to be used in conjunction with the basic instruction. Upon receipt of this integrated supplement discard the Air Force Basic.

1.3. (Added) The AFRC DO and LG FAMs are required to attend the Munition Working group (October), Tactical Air Missile Program (April) conference, and the Munition Allocation Conference (May) each year. The FAMs are required to provide feedback to the units on these meetings.

2.1.1.1. (Added) AFRC A-10 units are authorized the following mix of TGM-65s - 8 x Gs / 8 x Ds / 7 As and Bs.

2.1.1.2. (Added) AFRC F-16 units are authorized the following mix of TGM-65s - 4 x Gs / 4 x Ds.

2.1.3.1. (Added) AFRC A-10 units are authorized 8 x CATM -9M-9 / 4 x CATM 9M-1.

2.1.3.2. (Added) AFRC F-16 units are authorized 12 x CATM -9M-9 / 3 x CATM 9M-1.

2.1.6. (Added) (Note: Only for units with FAC-A/CSAR tasking).

2.1.7. (Added) (Note: Only for units with FAC-A/Night CAS/CSAR tasking)

2.1.11. (Added) AFRC F-16 units are authorized 1.0 Acceleration Monitoring Assemblies per PMAI.

2.2. Unit Operational Group Commanders (OG/CC) track munitions expenditures to make every effort possible for achieving the 90 percent expenditure goal. The OG/CC reviews unit allocations to determine if any adjustments are necessary for attainment of the 90 percent goal. Submit adjustment requests to

NAF/DO munitions FAM for consideration and action. Unit OG/CC also implements procedures and controlling devices to ensure expenditure rates remain within approved allocation limits.

2.2.3. Additional munitions are not authorized for Red Flags, Air Warriors, or most deployments and exercises. During these deployments/exercises, aircrews are completing normal training events at an alternate location.

2.2.7. (Added) Different types of munitions can be utilized to satisfy a single training event (i.e. M-82s, M-84s, or CBU-87s, etc. for full-scale weapons deliveries; different versions of 2.75 rockets, different versions of chaff, etc.). For these munitions, AFRC is required to identify the desired percentage of each specific weapon type. 10AF unit representatives will establish these percentages during the fall Combat Planning Council. The HQ AFRC/DO munitions FAM will ensure these percentages are inputs into the RAFT document.

2.5. (Added) HQ AFRC Director of Operations (DO) and Logistics (LG) Functional Area Managers (FAM) will utilize:

2.5.1. (Added) Unit Type Code Taskings and AFCAT 21-209 to determine category B requirements.

2.5.2. (Added) Planned wartime and contingency aircraft configuration load-out (Flyaway requirements excluding bombers) to arm deploying aircraft for determining Category F requirements.

2.5.3. (Added) Operational taskings and AFCAT 21-209 to determine Category C requirements for daily arming of personnel such as Security Forces, Couriers, munitions loaders moving nuclear weapons.

2.5.4. (Added) The Unit Committed Munitions List for operational units and the training syllabus for FTUs to determine loading and munitions Category C training assets for unit weapons loaders.

3.2.1. (Added) AFRC LG FAM will send unit allocations to the respective supporting command and base Munitions Accountable Systems Officers (MASO) by 15 August.

3.2.2. (Added) AFRC Base MASOs will provide allocations to the unit DO munition FAM 1 Sep and load this information into the base Combat Ammunition System by 1 Oct.

3.3. By 1 September each AFRC unit DO/LG munitions FAM will be provided an HQ AFRC/DOTT developed Excel spreadsheet which they are required to utilize when submitting their quarterly and yearly munitions expenditures. Unit level OG/CC or their designated representative will submit the expenditure report concurrently to the HQ AFRC DO/LG and NAF DO/LG munition FAMs.

3.3.4.1. (Added) Justification for low expenditure utilization. The second and fourth quarter expenditure reports must include justification if the expenditure percent of the total allocation is less than 30 percent for the second quarter, or less than 90 percent in the fourth quarter.

4.2. (Added) Request: to move munitions, transfer allocations, or one to support an OOC allocation for a deployment or exercise are required to be coordinated with your MASO and submitted for consideration to the Numbered Air Force (NAF) DO munitions FAM within 120 days for a CONUS and 180 days for an overseas deployment. The NAF DO FAM will attempt to satisfy the request through unit allocation realignments. When the NAF DO FAM cannot satisfy the request, they will send the completely justified request to HQ AFRC DO FAM for consideration and action.

4.3. (Added) When a request requires HQ AFRC coordination for the movement of munitions for a deployment or exercise, by no means, will the headquarters, NAF, or unit FAMs initiate any action with-

out a submission of the deployment to the Deployment Review Board in accordance with AFRCI 10-204, *Air Force Reserve Exercise and Deployment Program*.

4.4. (Added) Request: to move munitions, transfer allocations, or one to support an OOC allocation will include:

4.4.1. (Added) Operations Group Commander or equivalent signature.

4.4.2. (Added) CRC, DODIC, or Nomenclature

4.4.3. (Added) Current allocation of the item requested.

4.4.4. (Added) Quantity of movement or transfer requested.

4.4.5. (Added) Complete, detailed justification for the allocation change to include an explanation of why the current allocation cannot meet the unit's need.

4.4.6. (Added) Specifically what, if any substitute items can be used if primary requested items are not approved.

4.4.7. (Added) Other pertinent information to include mission impact if the additional allocation is not approved.

4.4.8. (Added) Approved request will be submitted to the MASO for action.

4.5. (Added) Base MASOs will:

4.5.1. (Added) Be permitted to transfer allocations, without headquarters approval, to support unit deployments or exercises.

4.5.2. (Added) Be permitted to realign allocations, with AFRC MAJCOM LG FAM approval, to another MAJCOM.

4.5.3. (Added) Be permitted to realign allocations belonging to the same parent command provided both parties agree to the transfer.

4.5.4. (Added) Provide a report to the HQ AFRC and NAF DO and LG FAMs, OO-ALC/WM, and applicable base MASOs notifying them of the transfer.

4.5.5. (Added) Coordinate and submit all allocation transfers to receiving base MASO.

4.5.6. (Added) Adjust applicable records in Combat Ammunition System to reflect allocation changes.
